

# Payroll Module

## Nethris Internet Suite

**NETHRIS**<sup>®</sup>

Payroll processing requires specific knowledge, and for most people can become a lengthy and tedious activity.

Aware of this reality, we built the Payroll module to facilitate and accelerate your payroll preparation. This module will enable you to...

- Process gross to net salaries, in the desired time frame (12, 24, 26 or 52 periods);
- Automate processing of fixed salary employees;
- Pay employees by cheque or direct deposit;
- Obtain payroll processing results (reports and pay slips) in less than an hour\*;
- Configure a data entry template;
- Process payroll for several companies;
- Automate remittances to government organizations;
- Request preprocessing for verification prior to final transmission;
- Enter multiple transactions in a single operation;
- Simulate payroll processing for an employee;
- Produce records of employment with ease using a practical create function;
- Distribute costs by project number or according to administrative structure levels;
- Produce tax slips (T4, T4A, *RL-1* and *RL-2*) and year-end reports.
