

Time and Attendance Module

Nethris Internet Suite

NETHRIS[®]

Reduce your operating costs and increase efficiency by automating the management of worked hours.

Offered in *Time Sheets* or *Professional* editions, this module enables you to effectively manage the hours worked by your employees. This module will allow you to...

- Decentralize worked hours entry to your employees or managers by using electronic time sheets ;
- View the history of hours entered and adjusted;
- Lock, control and quickly approve your employees' time sheets, without errors;
- Configure time management rules in accordance with your company's policies;
- Configure the types of hours that can be used in the time sheets (regular, overtime, training, etc.);
- Apply time management rules automatically and consistently for all employees;
- Establish work schedules and work shifts;
- Generate worked hours using an employee's work schedule or employee profile;
- Control, in real time, time sheet status;
- Generate payroll transactions automatically.
